

Srushti Shaha

Full-Stack Developer

SUMMARY

Passionate MCA student with a solid foundation in software development and database management. Adept at logical problem-solving, clean coding, and building efficient applications. Eager to grow in a development-focused role while contributing positively to team and organizational goals.

PROFESSIONAL EXPERIENCE [SUMMER INTERNSHIP]

Full-Stack Developer Intern [Link]

Varad Consultants & Analyst Pvt Ltd, Sangli

July 2025 – Sep 2025

- Developed The Baker's Edge, a multi-vendor bakery shop web application with vendor registration, login, and profile management features.
- Designed an Admin Dashboard to manage vendors (add, update, delete, approve / reject requests) and bakery profiles.
- Built a responsive and animated frontend using React.js, Tailwind CSS, and attractive UI/UX.
- Integrated MongoDB database with Mongoose for handling vendor data, product details, and approvals.
- Transitioned project from single-vendor to scalable multi-vendor architecture, improving flexibility and usability.

PROJECTS

Restaurant Management System [Link]

Mar 2025 – May 2025

- Designed and developed a full-stack web application to manage restaurant operations including menu items, orders, suppliers, donations, and volunteers.
- Implemented secure, role-based login for Admins, Managers, and Users with dynamic navigation and access control.
- Developed backend using Node.js and Express with MySQL for data storage and retrieval.
- Improved user experience through responsive React UI, real-time CRUD operations, and interactive report visualizations using Recharts.

Ayuraj Computer Shopee App [Link]

BCA [Jan 2024 – Mar 2024]

- Designed and developed a C#.NET Windows Forms desktop application integrated with Microsoft SQL Server for a complete retail inventory and billing solution.
- Implemented real-time stock management with CRUD (Create, Read, Update, Delete) operations for products, categories, and suppliers.
- Built automated billing and invoice generation with customer details, itemized billing, and total calculations to reduce manual errors.
- Designed user-friendly interfaces and forms using for intuitive data entry and navigation.
- Utilized SQL Server database design, wrote efficient stored procedures/queries, and maintained referential integrity and transactional operations.

EDUCATION

Chintamanrao Institute of Management Development And Research, Sangli (CIMDR)

Master of Computer Application (Appearing)

2024-2026

CGPA: 9.25/10 | Sangli, MH

Sadguru Gadage Maharaj College, Karad

Bachelor of Computer Applications

2021-2024

CGPA: 8.58/10 | Sangli, MH

Coursework: OOP, Web Development, DBMS

TECHNICAL SKILLS

Programming Languages:

C, CPP, Core Java, Python, C#

Frontend Technologies:

HTML, CSS, JavaScript, React.js

Backend Technologies:

Node.js, Express.js

Databases:

SQL, MySQL, MongoDB

Framework:

.NET, Bootstrap

Tools & Technologies:

Git, Visual Studio, Visual Studio Code, Eclipse, CodeBlocks

Methodologies:

Object-Oriented Design, Web Application Development

ACHIEVEMENTS

- 1st Prize – PPT Presentation Competition, VP College, Sangli.
- 2nd Prize – Blind Coding Competition, J J Magdum College of Engineering, Jaysingpur.
- 2nd Prize – Blind Coding Competition, RIT College, Ishwarpur.
- Volunteer – Hackathon Event, CIMDR.
